850 x 2000mm Roller Banner Single Sided

Bleed Area

Extend backgrounds and images into the 3mm bleed area. This extra edge is removed when the banner is trimmed.

Trim

The solid magenta line marks the finished edge of your banner. Anything outside this line will be trimmed off.

Safe Area

Keep text, logos and other important details inside the light blue safe area, away from the trimmed edge.

Remove these instructions and guides before exporting your print-ready PDF.
